

DUST STOP – QUESTIONNAIRE

Name:	
Company:	
Address:	
Project Name:	
Delivery Address/Postal Code	
Phone Number:	
Email:	
Proposed Application Date:	
Forklift Available to Unload Totes?	

1. Current Dust Control Methods

Type (water, chlorides, etc)	
Frequency	

2. Project Area

Length (m)	
Width (m)	

3. Project Location Seasons and Temperatures

Season	Months?	Average Temp	Low Temp	High Temp
Spring				
Summer				
Fall				
Winter				

4. Road Type (choose one)

Mine Haul	
Access Road	
Secondary Road	
Parking Lot	
Erosion Control	
Tailings Pile	If tailings pile, indicate period of time for capping the tailings

5. Material Type (choose one)

Sandy	
Well Compacted Fines (high clay/silt content)	
Light Gravel Content (Fine sized/dirty gravel)	
Medium Gravel Content (Medium sized/less dirty)	
High Gravel Content (Coarse gravel)	

6. Traffic Frequency (choose one)

Low	
Medium	
High	
Constant	
Tailings Pile	

7. Traffic Type (choose one)

Heavy	
Medium	
Light	
Tailings Piles	

8. Average Traffic Speed (choose one)

50 kph or less (30 mph or less)	
50 – 75 kph (30 – 45 mph)	
above 75 kph (above 45 mph)	
Tailings Piles	

Notes: (additional details / information)

Empty rectangular box for notes.
